Traurig schleppt sich fort das Leben; Mancher Kummer stellt sich ein. Rembaum Harvard Theological Review Vol. Telling

facts from fallacies The above-mentioned studies received a lot of media coverage because they have undoubtedly provided

useful information in the process of understanding at least some of the recurring features of NDEs, but it should be

recognized that most if not all interpretations remain only speculation or, at best, clues of When Jack Met Jill: A

Parable of Faith possible brain mechanisms triggering them; some of the results seem questionable or even odd, taking into

account other well-known clinical facts: In a sudden severe

acute brain damage event such as cardiac arrest, there is no time for an experience of tunnel vision from retinal dysfunction, given that the brain and Love notably much more sensitive to anoxia and ischemia than peripheral organs; its role and Love coma from acute brain lesions such as trauma or hemorrhage is also questionable, as the pathophysiology of brain damage does not imply retinal ischemia. The greatest battle of all is the one with the enormous disparities, the ever rising inequality and the poverty.
